

DIGITAL LIBRARY CARD

How long will it take for me to get my library card?

It can take between a few minutes and a few hours, depending on the verification process.

Why did my card registration form not get approved?

There are instances why registrations are not approved. The most common being, your address does not fall within the our service area. If your address is in another library's service area, give us a call at 616-895-4178 and we can help you figure out which library will be able to get you a card.

I applied to the wrong library and my application was not approved, can I still apply to the correct library?

Yes! Please fill out a new application.

I entered something incorrectly on my application - how do I fix it?

Contact Allendale Twp Library at 616.895.4178, with your library card number ready, and we can make the corrections.

I live in one city, but would like to have a library card in another one, can I do that?

Allendale Twp Library is a member of the Lakeland Library Cooperative (LLC) and your Allendale library card will work at all of the LLC libraries.

I moved and need to change my address - how do I do that?

Contact Allendale Twp Library at 616-895-4178 and we can update your information. If your address is in another library's service area, we can direct you to your new library.

How do I apply for cards for everyone in my family?

A separate registration form will need to be filled out for each adult and minor in your family.
